

4th Progress Update -

I am thrilled to be able to inform you that the Respite Rooms are now completed and their booking calendar has started to fill.

These rooms have already proven their worth, to our wider community as we have been able to, not only provide respite care but also shelter for an elderly member of our community who, due a fire, had to relocate quickly.

Below are photos of one of our dedicated Respite Rooms. Outside each of the rooms there is a concrete area, on which they both have their own set of outdoor furniture.

If you or anyone you know are considering options on how best to utilise your allocated respite hours or simply looking for short term care, as private payers, please contact Hillview, 07 8786903, to secure your spot on the calendar or to organise a viewing.

Stage 2 – Independent Living – Units. These units are coming along well, with the brick cladding, on all three duplexes, now completed. The interior painting is in its final stages, enabling the kitchen units installation to commence. A1 Homes have indicated that they hope to have the units ready for occupancy early April 2023.

Our target of \$4M has almost been reached thanks to the wonderful support of 2 families who have generously offered to match our final fundraising drive dollar for dollar.

Any support would be appreciated to enable us to seal the deal, by securing the final \$100,000 required.

If you, or someone you know, are interested in supporting us please contact Claire Grainger, Board Chairperson 07 8786458 or Tanya Lindsay, Hillview General Manager 07 8786903.

Regards Claire Grainger
